WHO IS ELIGIBLE?

Any North Carolina resident can enroll. Membership is open to all North Carolina residents and their eligible dependents. If you have been covered by a Delta Dental of North Carolina individual or family policy and drop coverage, you are not eligible to re-enroll for 12 months.

WHEN DOES MY COVERAGE BEGIN?

Your coverage begins on the first day of the month following the day we receive your application and initial premium. The initial coverage period is for 12 months and we guarantee not to change your premiums during the coverage period.

WHAT IS THE WAITING PERIOD?

Waiting periods for all plans are 6 months for basic services and 12 months for major services. There is no waiting period for preventive and diagnostic services. Waiting periods may be waived if you had qualifying dental coverage prior to enrolling.

To determine if waiting periods for your Delta Dental plan can be waived, submit documentation from your previous insurance carrier or your employer group administrator, stating the coverage period (effective date and termination date).

ORAL HEALTH'S IMPACT ON OVERALL HEALTH

Oral health has a direct impact on your overall health. **Routine dental exams can detect the first warning signs for 90% of all systemic diseases**, including heart disease, diabetes and even cancer³.

120 signs & symptoms of non-dental diseases can be detected through an oral exam⁴

Choosing the plan that's right for you and your family.

With Delta Dental of North Carolina's individual and family plans, it's easy to get the coverage you need to protect your health – and your wallet. Here are some things to consider when choosing your plan:

EVALUATE YOUR NEEDS

A single adult under the age of 30, with very good dental health and no history of oral disease, has very different dental benefit needs than an individual with a history of extensive oral health issues or even a family of four. Be sure to determine your specific dental needs when finding a plan that's right for you.
